

*Professional Manufacturer in **LED Display** & **LED Lighting***

Since 2002, Unilumin has been a professional LED Display manufacturer providing worldwide LED display distributors with ODM/OEM service. With the production area more than 15'000 sqm and staff about 600 employees, Unilumin produces minimum 3'000 sqm full color indoor/outdoor LED display every month.

At the end of 2007, Unilumin started R&D in LED lighting products. We believe that based on our rich experience in LED technology and established world wide sales network, the LED lighting products will be also a brilliant business in the near future.

In Aug. 2008, we moved to the new factory and equipped with more automatic production lines, With the advanced machines, we are able to meet higher requirements from customers.

If you think the price of the products of the world top LED display companies is too high to meet your budget, Unilumin would be your best choice.
